A ROSEWOOD RESORT
LOS CABOS, MEXICO

Los Cabos, at the tip of the Baja Peninsula, along the coast of the Sea of Cortez, is the setting for the award-winning Las Ventanas al Paraíso, A Rosewood Resort - an unequalled property, beloved by the cognoscenti, just 20 minutes drive from San Jose del Cabo International Airport. Stunningly designed to suit the Mexican location, the 71 suite property is operated by Rosewood Hotels & Resorts.

- **Lessons with a difference** - Las Ventanas offers two lessons to tempt the aspiring gourmet - a tequila tasting at the Tequila & Ceviche Bar or the "Men in White" where male guests cook for their partners, under the guidance of the Executive Chef.
- **Spa aficionados** - The Spa at Las Ventanas espouses a "total lifestyle" approach to provide the most complete and beneficial services for guests with traditional spa therapies in a serene setting. Three spa suites are available for total spa overload!
- **Whale watching** - When the sound of the conch shell sounds, guests are alerted to one of nature's wonders - the annual migration of massive gray mammals - in winter when the whales swim to the warm waters along the Baja Peninsula to give birth and in spring with babies in tow.
- **Dinner and a bath** - When guests sit down for dinner, along with the meal, they may place an order for an after dinner bath. The resort's bath menu offers a choice of a "Stress Relief," "Rejuvenating" or "Romance & Sensuality" bath experiences.
- **At your service** - The butlers at Las Ventanas cater to a guests' every whim - whether it's supplying the latest novels or iPods to sun seekers or arranging a private dinner on the beach. There are butler stations at each building to service all the suites in that building while each of the larger suites has a dedicated butler.
- **Take to the road** - Driving around Los Cabos has never been so much fun with either Porsche Boxsters or convertible Mini Coopers available to rent.
- **Movies with a difference** - The typical movie theatre experience can't compare: "Cinema al Paraíso," intimate movie screenings under the stars on the beach, is now playing at Las Ventanas.
- **And so to bed** - Guests at Las Ventanas slide into a bed that feels just right - because they choose the linens from the resort's Bed Sheet Menu. Four types of sheets are offered: *Las Ventanas Classic*, *Fresh Italian Linen*, *Smooth As Silk* and *Luxurious & Lusty Sateen*.
